

## CAPABILITIES

Plastics

Thermal Vacuum Forming

Embossing/Debossing

Mold Fabrication

Paint

5 Modern Paint Booths

Web Sandblasting

Chemical Paint Preparation

Thermally Cured Paint

Crating/Loading

Complete Transport Services

Dedicated Specialty Trucks

Standard Wood Crating

Shrink Wrapping Also Available

Vinyl

Digitally Controlled Cutting

Thermoforming Vinyl Applications

Electrical

Underwriter's Laboratory Approved

*United States and Canada*

Graphic Reproduction

Flexi-Sign Plus 7.6v1

CorelDraw 12

*.ai or .eps formats preferred*

Technical Drawings AutoCAD 2000i

Metals

Complete Modern Metal Custom

Fabrication Capabilities

3 Point CNC Routing

Power Brake

Power Shear

Welding

Aluminum and Steel Certified Welders

Neon

Eurocom 2000

8 Tube Bending Stations

## SPECIALTY EQUIPMENT

Computerized Router Tables

MultiCam Pro 300 - 80" x 144"

MultiCam 5000 Router - 80" x 144"

MultiCam MP-204 Plasma Arc - 60" x 120"

Neon Processing

Eurocom EPS 2000 Dual Side

Pumping and 22K va Bombarding System

Channel Letters

LetterLok

Arete 2000 Return Shop

Accubend

Vinyl and Pattern Plotters

Graphtec FC 2100-120

Roland CAMM-1 Pro and CAMM 500

Face Moulding Equipment

(3) Vacu-Form Tables 4' x 8', 6' x 12', 8' x 14'
